

Package #2: Cocktail Hour

\$775*

Keep the celebration going with live acoustic music while you slip away for photos and your guests relax, mingle, and enjoy a drink. I'll create a soundtrack that fits the atmosphere you're looking for — from warm and laid-back to upbeat and celebratory — and helps make cocktail hour feel like part of the wedding rather than simply the time between events.

The Cocktail Hour Package includes:

- 90 minutes of live acoustic music during your cocktail hour
- A personalized set list chosen from hundreds of songs, including learning your special requests where possible
- Your “Must Play” favourites and “No Play” preferences incorporated into the set
- Professional PA system, setup, and teardown
- A discovery call and planning meeting to make sure the music fits your celebration, venue, and vision
